

ANNUAL FUNDING NOTICE  
For  
**Central Pennsylvania Teamsters Defined Benefit Plan**

Introduction

This notice includes important information about the funding status of your pension plan (“the Plan”) and general information about the benefit payments guaranteed by the Pension Benefit Guaranty Corporation (“PBGC”), a federal insurance agency. All traditional pension plans (called “defined benefit pension plans”) must provide this notice every year regardless of their funding status. This notice does not mean that the Plan is terminating. It is provided for informational purposes, and you are not required to respond in any way. This notice is for the plan year beginning January 1, 2024 and ending December 31, 2024 (“Plan Year”). However, it relates to the Plan’s funded status as of January 1, 2024 and does not reflect the Plan’s preliminary return on assets of 9.5% for the Plan Year ending December 31, 2024. *It also does not reflect the Plan’s funded status as of January 1, 2025 (as of which the Plan is in the green zone).*

How Well Funded Is Your Plan

Under federal law, the plan must report how well it is funded by using a measure called the “funded percentage.” This percentage is obtained by dividing the Plan’s assets by its liabilities on the Valuation Date for the plan year. In general, the higher the percentage, the better funded the plan. Your Plan’s funded percentage for the Plan Year and each of the two preceding plan years is set forth in the chart below, along with a statement of the value of the Plan’s assets and liabilities for the same period.

<b>Funded Percentage</b>			
	<b>2024 Plan Year</b>	<b>2023 Plan Year</b>	<b>2022 Plan Year</b>
Valuation Date	January 1, 2024	January 1, 2023	January 1, 2022
Funded Percentage	98.01%	92.20%	94.31%
Value of Assets	\$ 1,460,239,045	\$ 1,344,510,168	\$ 1,287,263,142
Value of Liabilities	\$ 1,489,753,697	\$ 1,458,101,965	\$ 1,364,799,580

Year-End Fair Market Value of Assets

The asset values in the chart above are measured as of the Valuation Date for the Plan Year and are actuarial values. Because market values can fluctuate daily based on factors in the marketplace, such as changes in the stock market, pension law allows plans to use actuarial values that are designed to smooth out those fluctuations for funding purposes. The asset values below are market values and are measured as of the last day of the Plan Year, rather than as of the Valuation Date. Substituting the market value of assets for the actuarial value used in the above chart would show a clearer picture of a plan’s funded status as of the Valuation Date. The fair market value of the Plan’s assets as of the last day of the Plan Year and each of the two preceding plan years is shown in the following table:

	December 31, 2024	December 31, 2023	December 31, 2022
Fair Market Value of Assets	\$1,464,809,070 (unaudited)	\$1,386,099,834	\$1,256,565,553

The December 31, 2024 fair market value of assets disclosed above is reported on an unaudited basis since this notice is required to be distributed before the normal completion time of the audit which is currently in progress.

### Endangered, Critical or Critical and Declining Status

Under federal pension law a plan generally will be considered to be in “endangered” status if, at the beginning of the plan year, the funded percentage of the plan is less than 80 percent or in “critical” status if the percentage is less than 65 percent (other factors may also apply). A plan is in “critical and declining” status if it is in critical status and is projected to become insolvent (run out of money to pay benefits) within 15 years (or within 20 years if a special rule applies). If a pension plan enters endangered status, the trustees of the plan are required to adopt a funding improvement plan. Similarly, if a pension plan enters critical status or critical and declining status, the trustees of the plan are required to adopt a rehabilitation plan. Rehabilitation and funding improvement plans establish steps and benchmarks for pension plans to improve their funding status over a specified period of time. The plan sponsor of a plan in critical and declining status may apply for approval to amend the plan to reduce current and future payment obligations to participants and beneficiaries.

The Plan was not in Endangered, Critical, or Critical and Declining Status for the 2024 Plan Year. In addition, the Plan’s actuary has certified the Plan is not in Endangered, Critical, or Critical and Declining Status for the 2025 Plan Year, nor is the Plan projected to enter Critical Status in any of the succeeding 5 plan years.

### Participant Information

Details on the total number of participants in the Plan as of the end of the 2024 Plan Year and the prior two Plan Years are set forth below.

<b>Participant Counts</b>			
<b>Measurement Date</b>	<b>December 31, 2024</b>	<b>December 31, 2023</b>	<b>December 31, 2022</b>
Actives	5,287	5,424	6,206
Retired or Separated from Service and Receiving Benefits	16,164	16,372	16,761
Retired or Separated from Service and Entitled to Future Benefits	4,151	4,425	4,201
Total	25,602	26,221	27,168

### Funding & Investment Policies

Every pension plan must have a procedure for establishing a funding policy to carry out plan objectives. A funding policy relates to the level of assets needed to pay for benefits promised under the plan currently and over the years. The funding policy of the Plan is, in general, to comply with all funding requirements of the Internal Revenue Code, including Section 432. To view the Plan’s specific funding policy, please visit the Fund’s website at [www.centralpateamsters.com](http://www.centralpateamsters.com). Alternatively, you may contact the Plan Administrator for a copy.

Once money is contributed to the Plan, the money is invested by plan officials called fiduciaries, who make specific investments in accordance with the Plan’s investment policy. Generally speaking, an investment policy is a written statement that provides the fiduciaries that are responsible for plan investments with guidelines or general instructions concerning investment management decisions. The investment policy of the Plan is, to the extent possible, to ensure over the life of the Plan that an adequate level of assets is available to fund the benefits payable to the Plan’s participants and beneficiaries at the time they become payable. In meeting this objective, the Board seeks to achieve a high level of investment return consistent with a prudent level of portfolio risk.

Under the Plan's investment policy, the Plan's assets were allocated among the following categories of investments, as of the end of the Plan Year. These allocations are percentages of total assets:

<b><u>Asset Allocations</u></b>	<b>Percentage</b>
Stocks	45.54%
Investment grade debt instruments	7.16%
High-yield debt instruments	5.47%
Real Estate	17.89%
Other	23.94%

For information about the plan's investments as described in the chart above, contact the Plan Administrator identified below under "Where to Get More Information about Your Plan."

#### Right to Request a Copy of the Annual Report

A pension plan is required to file with the US Department of Labor an annual report called Form 5500 that contains financial and other information about the plan. Copies of the annual report are available from the US Department of Labor, Employee Benefits Security Administration's Public Disclosure Room at 200 Constitution Avenue, NW, Room N-1513, Washington, DC 20210, or by calling 202.693.8673. For 2009 and subsequent plan years, you may obtain an electronic copy of the plan's annual report by going to [www.efast.dol.gov](http://www.efast.dol.gov) and using the Form 5500 search function. Or you may obtain a copy of the Plan's annual report by making a written request to the Plan Administrator. Individual information, such as the amount of your accrued benefit under the plan, is not contained in the annual report. If you are seeking information regarding your benefits under the plan, contact the Plan Administrator identified below under "Where to Get More Information About Your Plan"

#### Summary of Rules Governing Insolvent Plans

Federal law has a number of special rules that apply to financially troubled multiemployer plans that become insolvent, either as ongoing plans or plans terminated by mass withdrawal. The Plan Administrator is required by law to include a summary of these rules in the annual funding notice. A plan is insolvent for a plan year if its available financial resources are not sufficient to pay benefits when due for that plan year. An insolvent plan must reduce benefit payments to the highest level that can be paid from the plan's available resources. If such resources are not enough to pay benefits at the level specified by law (see Benefit Payments Guaranteed by the PBGC, below), the plan must apply to the PBGC for financial assistance. The PBGC will loan the plan the amount necessary to pay benefits at the guaranteed level. Reduced benefits may be restored if the plan's financial condition improves.

A plan that becomes insolvent must provide prompt notice of its status to participants and beneficiaries, contributing employers, labor unions representing participants, and the PBGC. In addition, participants and beneficiaries also must receive information regarding whether, and how, their benefits will be reduced or affected, including loss of a lump sum option.

#### Benefit Payments Guaranteed by the PBGC

The maximum benefit that the PBGC guarantees is set by law. Only benefits that you have earned a right to receive and that cannot be forfeited (called vested benefits) are guaranteed. Specifically, the PBGC guarantees a monthly benefit payment equal to 100 percent of the first \$11 of the Plan's monthly benefit accrual rate, plus 75 percent of the next \$33 of the accrual rate, times each year of credited service. The PBGC's maximum guarantee, therefore, is \$35.75 per month times a participant's years of credited service.

*Example 1:* If a participant with 10 years of credited service has an accrued monthly benefit of \$600, the accrual rate for purposes of determining the PBGC guarantee would be determined by dividing the monthly benefit by the participant's years of service ( $\$600/10$ ), which equals \$60. The guaranteed amount for a \$60 monthly accrual rate is equal to the sum of \$11 plus \$24.75 ( $.75 \times \$33$ ), or \$35.75. Thus, the participant's guaranteed monthly benefit is \$357.50 ( $\$35.75 \times 10$ ).

*Example 2:* If the participant in Example 1 has an accrued monthly benefit of \$200, the accrual rate for purposes of determining the guarantee would be \$20 (or  $\$200/10$ ). The guaranteed amount for a \$20 monthly accrual rate is equal to the sum of \$11 plus \$6.75 ( $.75 \times \$9$ ), or \$17.75. Thus, the participant's guaranteed monthly benefit would be \$177.50 ( $\$17.75 \times 10$ ).

The PBGC guarantees pension benefits payable at normal retirement age and some early retirement benefits. In addition, the PBGC guarantees qualified preretirement survivor benefits (which are preretirement death benefits payable to the surviving spouse of a participant who dies before starting to receive benefit payments). In calculating a person's monthly payment, the PBGC will disregard any benefit increases that were made under the plan within 60 months before the earlier of the plan's termination or insolvency (or benefits that were in effect for less than 60 months at the time of termination or insolvency). Similarly, the PBGC does not guarantee benefits above the normal retirement benefit, disability benefits not in pay status, or non-pension benefits, such as health insurance, life insurance, death benefits, vacation pay, or severance pay.

For additional information about the PBGC and the pension insurance program guarantees, go to the Multiemployer Page on the PBGC's website at [www.pbqc.gov](http://www.pbqc.gov). Please contact your employer or Plan Administrator for specific information about your pension plan or pension benefit. The PBGC does not have that information. See "Where to Get More Information About Your Plan," below.

#### Where to Get More Information About Your Plan

For more information about this notice, you may contact:

Joseph J. Samolewicz, Administrator  
Central Pennsylvania Teamsters Pension Fund  
P.O. Box 15223  
Reading, PA 19612-5223

Toll-free in USA 1-800-331-0420

For identification purposes, the official plan number is 001, the plan sponsor's name is Trustees of the Central Pennsylvania Teamsters Pension Fund, and the employer identification number or "EIN" is 23-6262789.
